

BEVEL GEARBOX. PART NO: 919D24

This unit has steel gears and shafts running in ballraces and sintered bronze bearings, 1 ball race and sintered bearing per shaft. The former act also as thrust races protecting the bevel gears from external pressures of varying loads. The housing mouldings are 30% glass filled nylon for strength and have four pre-drilled mounting holes. Key flats are provided on both shafts.

1:1 gear ratio

Lubricated for life

Designed for rugged service life
